CONNECTING

## We are Bentley

At Bentley, design comes from the heart. Our passion lies in crafting hotel supplies that tell your story.

We understand that hotel supplies should not only complement but also enhance a room's design. That's why we go beyond our extensive range, offering endless customisation options and bespoke designs. From subtle adaptations to fully bespoke creations, we collaborate closely with you to bring it to life.

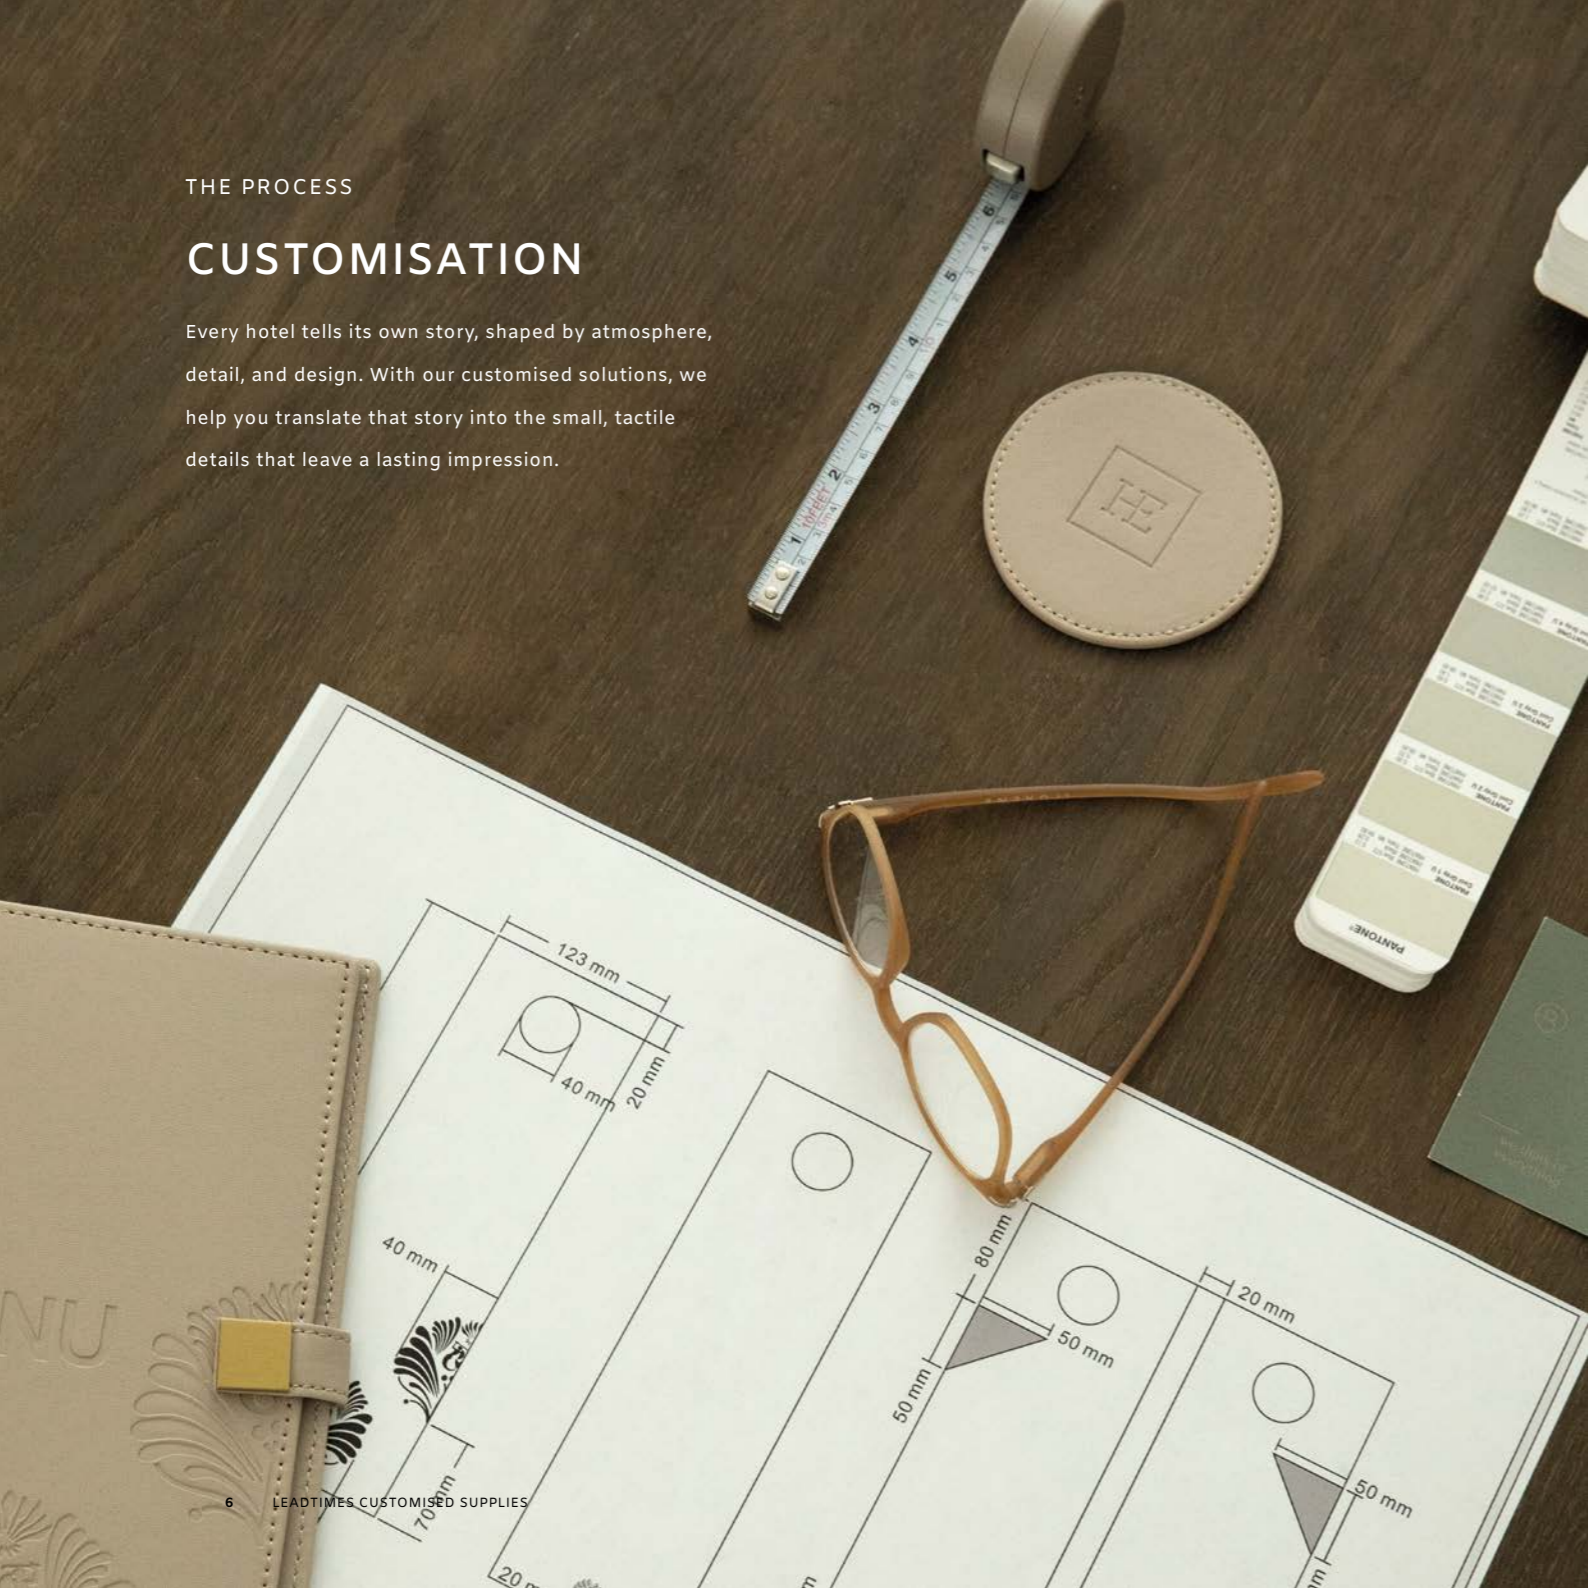

We invite you to explore our Custom and Design brochure and discover what thoughtful design can become.

Bentley. We think of everything.

THE PROCESS

## CUSTOMISATION

Every hotel tells its own story, shaped by atmosphere, detail, and design. With our customised solutions, we help you translate that story into the small, tactile details that leave a lasting impression.

## Four steps to your customised product

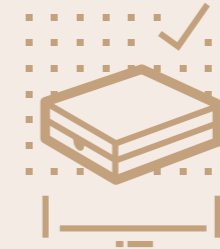

1

Share your design  
& specifications  
with us

2

You will receive  
a technical drawing  
for your approval

3

Sample will be  
on your desk  
within 3 weeks

4

Production time  
is 60 days  
excluding shipment

THE PROCESS

## DESIGN

Alongside customisation, we offer the possibility of creating products entirely from scratch. Our bespoke design team allows us to work with your mood boards, mock-up rooms or room renders, ensuring every piece reflects the character of your hotel.

## Six steps to your designed product

1

Share your room renders, mood boards or mock-up room

2

We analyse colours, materials, forms and ambiance

3

We translate this into tailored OS&E designs

4

You choose your preferred design route

5

We refine and present the final proposal

6

Sampling and production follow

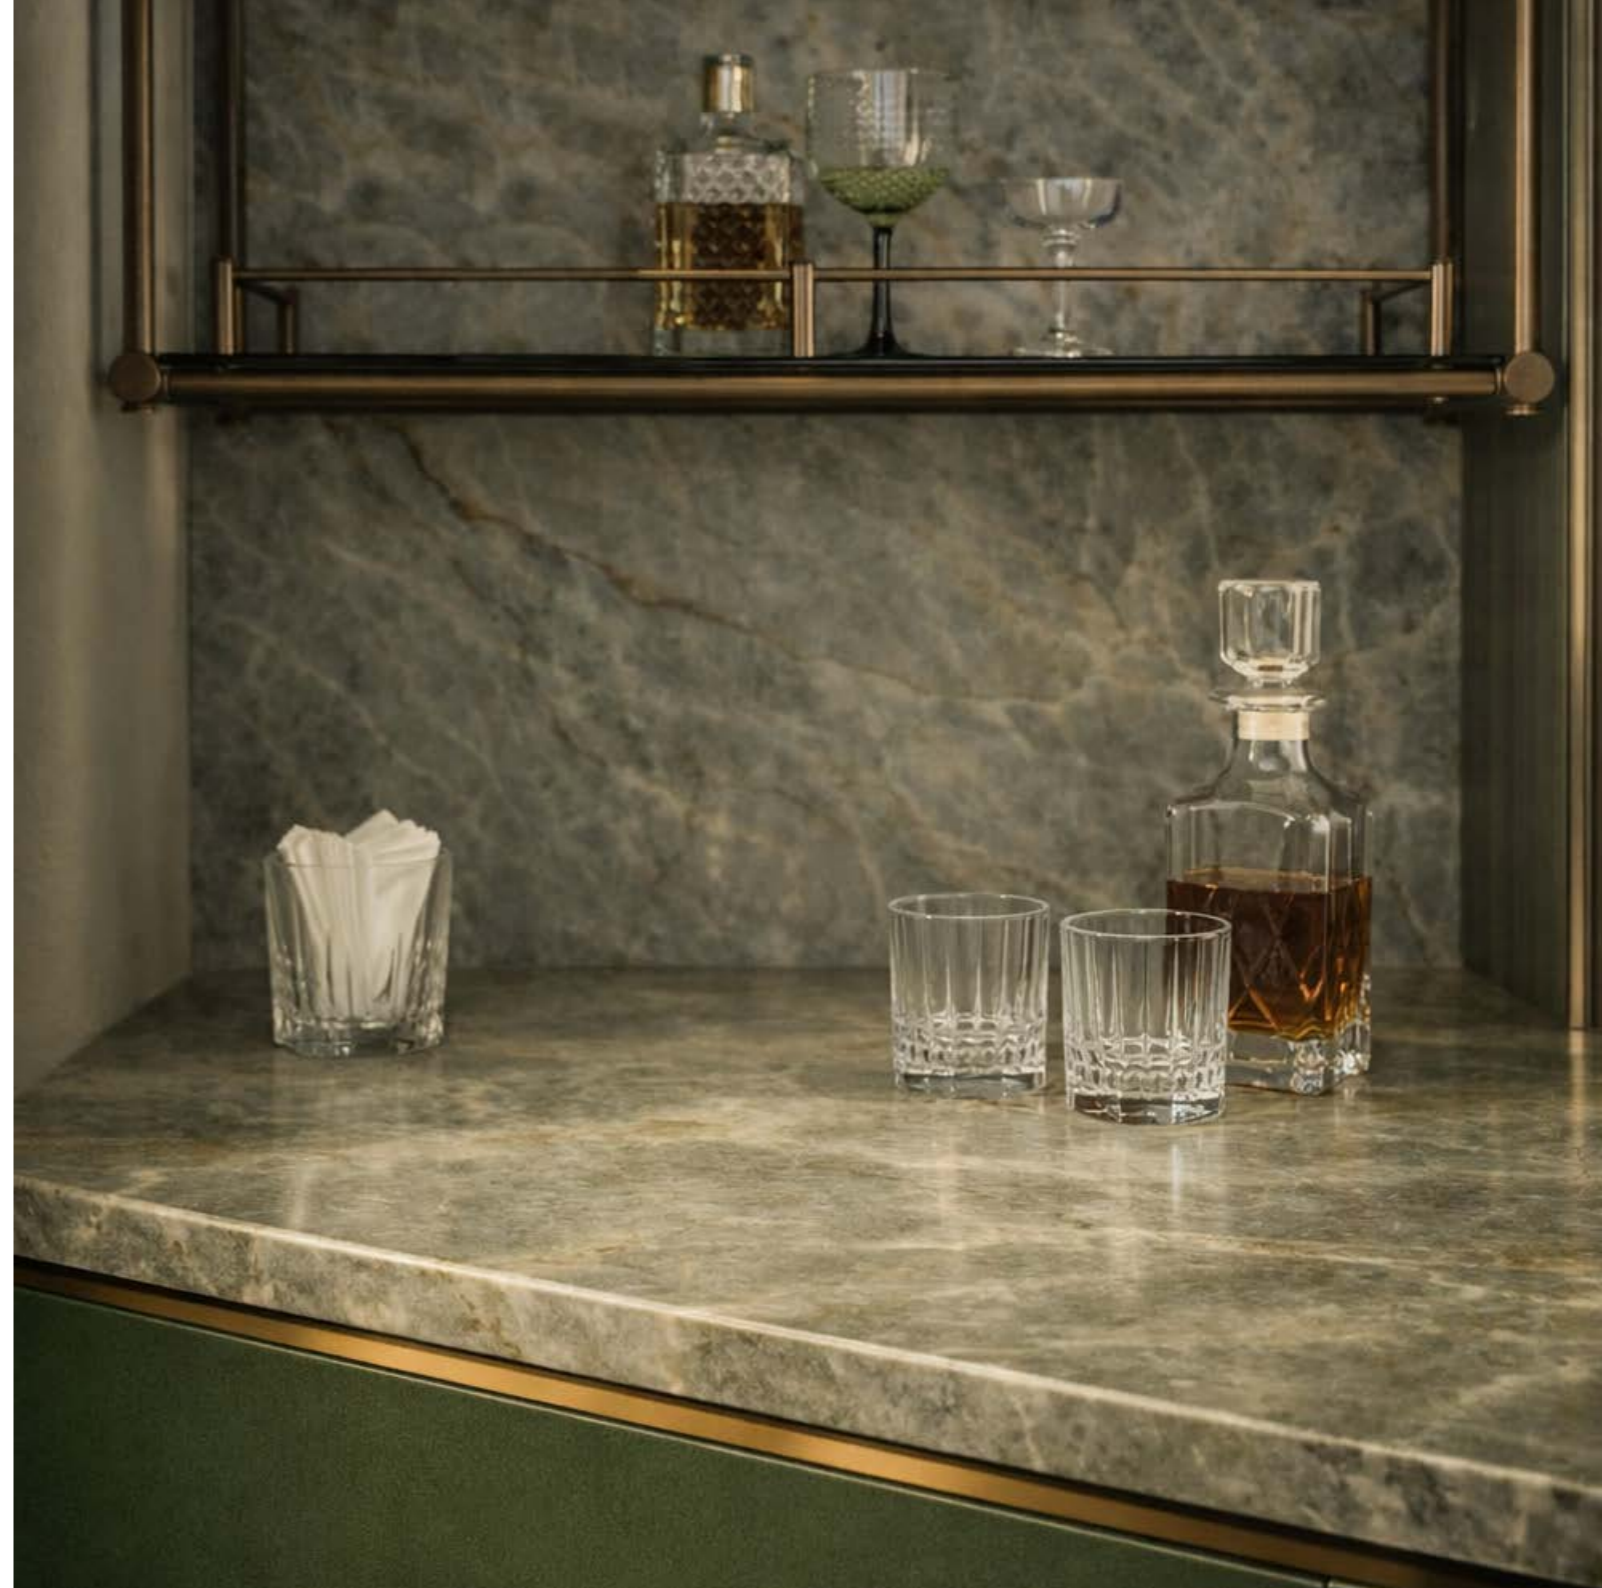

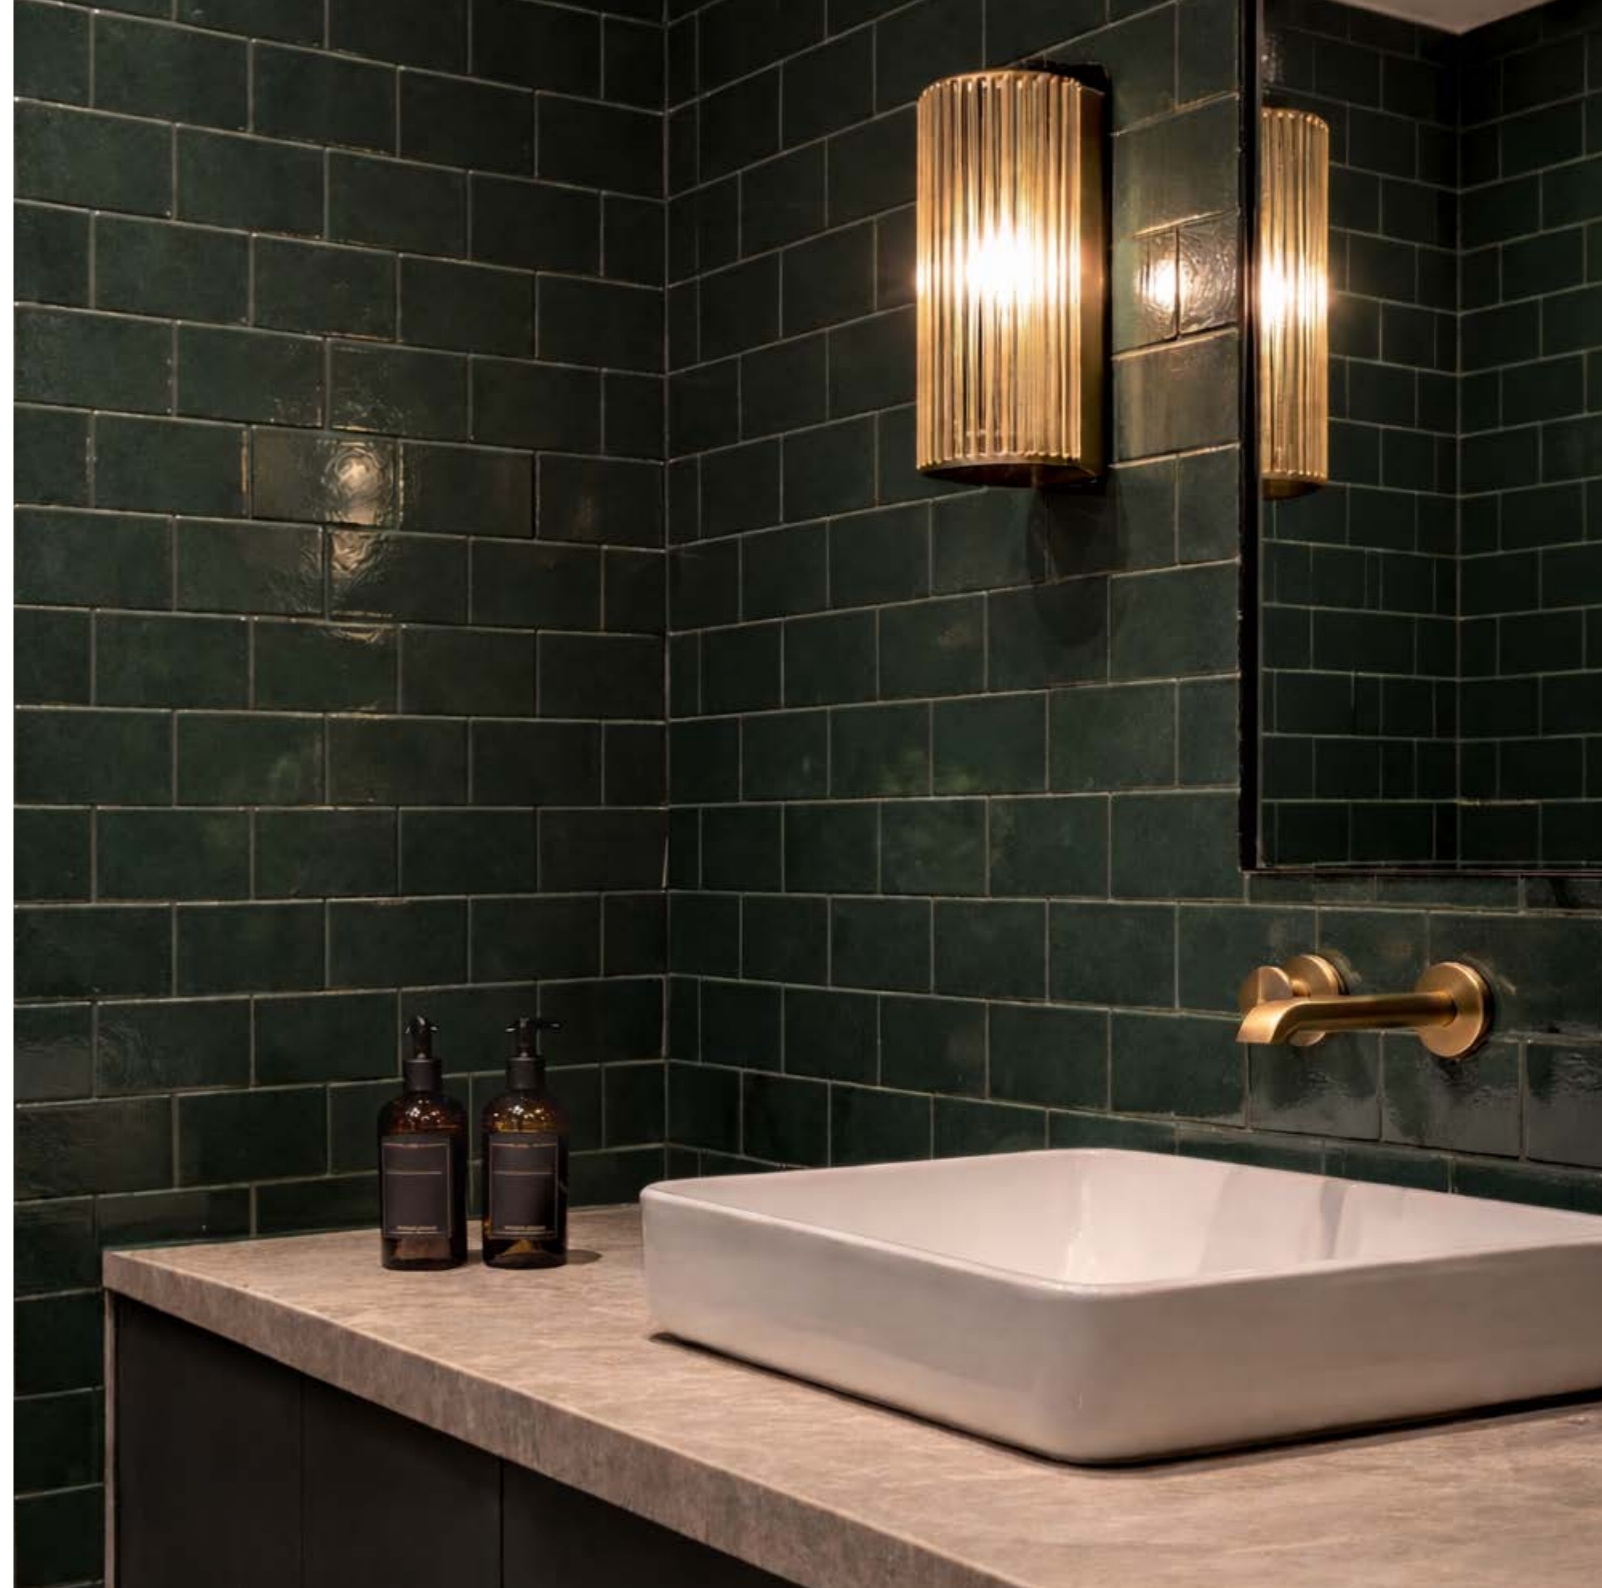

# Leatherette

MOQ | 50 pieces

Our leatherette items offer a versatile foundation for customised designs. The selection shown here provides an impression of the possibilities in colour, texture and finish. Logos, text or decorative elements can be applied through debossing, debossing with colour printing or just colour printing. For more information, please feel free to contact us.

## COLOURS

Available in any Pantone colour, in refined leatherette or genuine leather.

## TEXTURES

A range of textures can be applied to create different visual and tactile finishes.

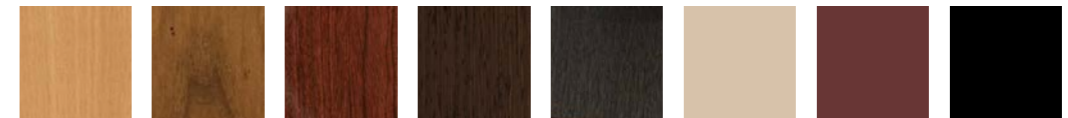

# Wooden luggage racks

MOQ | 50 pieces

Our wooden luggage racks can be customised in various wood finishes and strap colours. The selection shown here provides an impression of the available combinations and possibilities. For more information, please feel free to contact us.

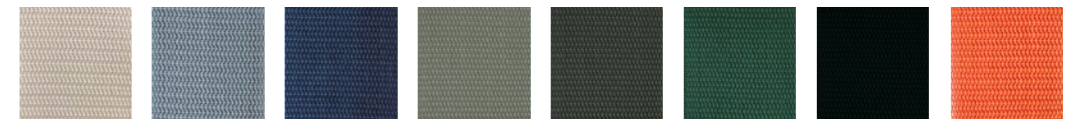

## WOOD

From light oak to deep walnut, each wood type can be finished to match your interior; varnished, lacquered or painted.

## STRAPS OF NYLON
